

Thursday, 13 October 2022

10:30 – 14:30

Symposium

Paramyxoviruses

Cellular, immunological and pathogenetic perspectives

Collaborative Research Centre 1021
RNA viruses: RNA metabolism,
host response and pathogenesis

Branka Horvat, Lyon

*Emerging contagion:
Immunopathogenesis
of Nipah virus infection*

Philippe Plattet, Bern

Insights into Morbillivirus cell entry

Richard E. Randall, St. Andrews

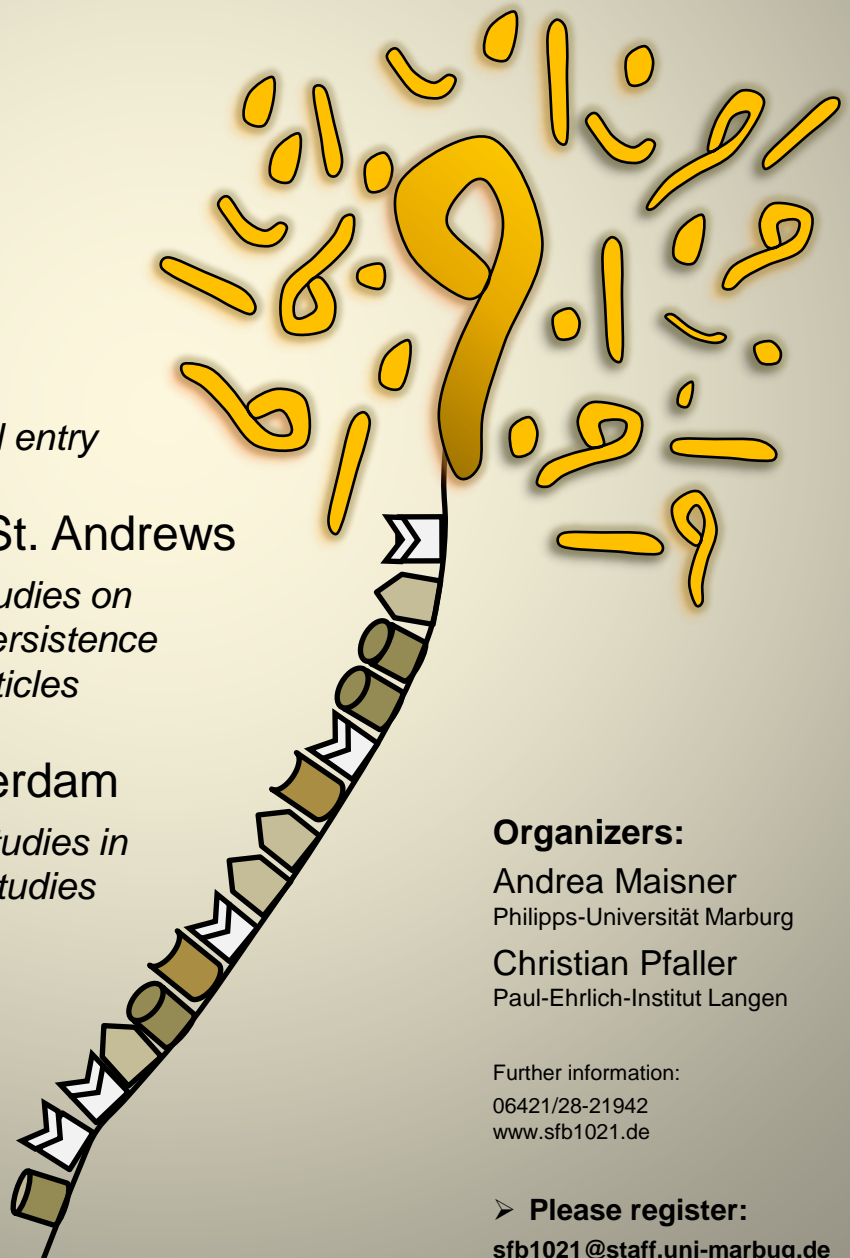

*Fundamental and applied studies on
parainfluenza virus type 5 persistence
and defective interfering particles*

Rik L. de Swart, Rotterdam

*Morbillivirus pathogenesis studies in
animal models and clinical studies*

Venue:

Seminarraum 00/63300
Institut für Virologie (BMFZ)
Hans-Meerwein-Str. 2
35043 Marburg

Organizers:

Andrea Maisner
Philipps-Universität Marburg

Christian Pfaller
Paul-Ehrlich-Institut Langen
